

27<sup>th</sup>

Congress of the Federation of the International Danube  
Symposia on Diabetes Mellitus

*Organizer: Central European Diabetes Association*

## GENERAL INFORMATION

**FID-President/FID-Präsident:**  
Prof. Dr. Michael Roden, Düsseldorf

**President of the Local Organizing Committee/Tagungspräsident:**  
Prof. Dr. Peter Kempler, Budapest

**Supported by the Hungarian Diabetes Association**  
*/Unterstützt durch den Ungarischen Gesellschaft für Diabetologie*

**P.C.O. Organizer/Sekretariat:**  
STAND-ART Agency Ltd.  
Dr. Erika Bernath

*Budapest, Hungary,  
Thu 28<sup>th</sup> – Sat 30<sup>th</sup> of June 2012*

# changing diabetes® tomorrow by working for youth today

It is estimated that one in three children born after the year 2000 in the US will develop diabetes.

The continual rise in diabetes prevalence tells us that the numbers alone are not speaking loud enough. Projects under the Young Voices umbrella give young people with diabetes a platform from which to spread awareness about diabetes to their peers, while the DAWN Youth programme works to improve health and quality of life for children and young people with diabetes.

## Changing diabetes by empowering our youth

*Prof. Dr. Michael Roden*

## **Sehr geehrte Kolleginnen und Kollegen! Dear Colleagues!**

Mit seinem 27. Symposium kehrt die Föderation Internationaler Donausymposien (FID)/Zentraleuropäische Diabetesgesellschaft (CEDA) wieder direkt an die Ufer der Donau zurück. Ungarische Forscher trugen wesentlich zu den Anfängen der klinischen Diabetes-Forschung bei. In unserer Kongress-Stadt Budapest studierte und promovierte Professor Somogyi, der wenig später als Biochemiker an den ersten Anwendungen von Insulin an Patienten in den USA beteiligt war. Ungarische Diabetologen waren aber auch an der Gründung und sind auch heute an der Förderung der FID zentral beteiligt. So danke ich im Namen der FID/CEDA der Ungarische Diabetes-Gesellschaft und im Besonderen Herrn Prof. Dr. Peter Kempler für die Organisation dieses Symposiums in der Donau-Metropole Budapest.

Die Symposien der FID/CEDA haben zum Ziel abseits der großen internationale Diabetes-Kongresse ein Forum zum Austausch von Wissenschaft und Praxis sowie zur Fortbildung über diabetologische Themen zwischen Nachbarländern im weiteren Sinne zu sein. Dieses Format ermöglicht intensive Diskussionen zwischen erfahrenen und jüngeren Kollegen und Kolleginnen aus allen Fachbereichen, die sich mit Diabetes beschäftigen.

Wir laden Sie daher herzlich ein, diese Möglichkeiten zu nützen, und freuen uns, Sie in diesem wunderschönen Teil Zentraleuropas zu treffen!

We therefore cordially invite you to make use of these opportunities.

Looking forward to meeting you in this beautiful part of Central Europe!

***Prof. Dr. Michael Roden***  
***Düsseldorf***  
***Präsident der FID/CEDA***

*Prof. Dr. Peter Kempler*

### **Dear Friends and Colleagues,**

The Diabetes Danube Symposium will be hosted for the third time in Budapest. „Tagungspräsident“ at both previous meetings, in 1971 and 1981 was Professor Imre Magyar, who essentially contributed to the founding of FID in 1969 in Vienna as well. It is worth to mention that Professor Imre Magyar has founded the Hungarian Diabetes Association one year later in 1970 and served as its first president until 1984.

The congress in Budapest will traditionally focus on clinical diabetology. Invited lectures will be delivered by internationally respected speakers including many opinion leaders from Hungary. The key topics will include screening of type 2 diabetes mellitus, neuropathy and other microvascular complications just as different therapeutical approaches of type 2 diabetes. The present leaflet also contains lecture titles of speakers who already agreed to join. We would like to provide a possibility for a scientific forum including a broad spectrum of academic discussions for diabetologists from Central Europe. Abstracts representing all parts of clinical and experimental diabetology are welcome, accepted abstracts will be published. As a result of progression during the last years, English has also become the official language of the FID-CEDA congresses besides German. During the meeting in Budapest, we would like to focus more on English. Our congress will be officially supported by the Hungarian Diabetes Association.

I would like to invite you to the 7th Congress of the Central European Diabetes Association and 27th Symposium of the Federation of the International Danube-Symposia of Diabetes Mellitus between 28-30th June, 2012, in Budapest. The congress venue will be Hotel Hilton in Buda Castle with an amazing panoramic view to the Danube.

***Prof. Dr. Peter Kempler***  
***Budapest***  
***President of the Organizing Committee***

## ORGANIZATION

**FID-President:** Prof. Dr. Michael Roden

**President of the Local Organizing Committee (Tagungspräsident):**

Prof. Dr. Peter Kempler

1st Dept of Medicine Semmelweis University

H-1083 Budapest, Korányi S. u. 2/a

E-mail: [kempet@bell.sote.hu](mailto:kempet@bell.sote.hu)

Fax: +36/1-313 02 50

**Local Organizing Committee:**

Prof. Dr. Laszlo Barkai

Dr. Zsolt Gaal

Dr. Tibor Hidvegi

Prof. Dr. György Jermendy

Dr. Győző Vándorfi

Dr. Tamas Varkonyi

Prof. Dr. Gabor Winkler

**P.C.O. Organizer-Secretary and Congress Office:**

STAND-ART Agency Ltd., Dr. Erika Bernath

H-6723 Szeged, Tisza Palace B/2., Felső Tisza-part 31-34.

### Online registration:

All participants are recommended to register for the meeting and social events via the official website <http://fid2012.shp.hu> where you can also make your accommodation arrangements. Please follow the instructions on the website carefully. All participants are kindly recommended to register preferably via the online registration form.

### On site registration:

Registration desk at Hotel Hilton Budapest will be open:

Wednesday, 27 <sup>th</sup> June, 2012	16:00 – 21:00
Thursday, 28 <sup>th</sup> June, 2012	09:00 – 19:00
Friday, 29 <sup>th</sup> June, 2012	08:00 – 19:00
Saturday, 30 <sup>th</sup> June, 2012	08:00 – 17:00

All documents regarding registration, including congress bag, name badge, program, abstract book will be handed out to registered participants during this time.

### Group registration:

Group registration is applicable when a company wants to register at least 10 participants.

**Early registration fee** will be applied when the payment is received until 15<sup>th</sup> April, 2012 even without a list of participants. The final list of participants must be sent to the Secretary ([fid-office@t-online.hu](mailto:fid-office@t-online.hu)) until 25<sup>th</sup> May, 2012. Should this deadline of 15<sup>th</sup>

---

April not be met, the difference between early and late registration fees will be charged. Replacements are acceptable with no additional fee if received until 15<sup>th</sup> June, 2012. After this date, name changes will be charged at a fee of € 30 (VAT 20% included) each.

**Group Registration Refund:** All group registrations must be prepaid, no refund will be made for any partially or totally cancelled group.

### Abstracts:

Abstracts from all parts of clinical and experimental diabetology are welcome. Abstracts should be submitted online: <http://fid2012.shp.hu/> Abstract submission or by e-mail to the congress office: [fid-office@t-online.hu](mailto:fid-office@t-online.hu) .

Deadline for abstracts submission is 8<sup>th</sup> April, 2012. Notification on acceptance will be sent by e-mail within three weeks after submission. Authors of accepted abstracts may register according to early deadline conditions until 15<sup>th</sup> May, 2012.

Please, do not forget to provide your e-mail address!

### Instructions for authors:

Please use template on our Website: <http://fid2012.shp.hu/> Abstract submission

If you want to send your abstract by mail:

- Start with the abstract title, then give authors names and affiliations.
- The abstract should be structured using the following headings: introduction, objectives, material and methods, results, conclusion.
- The abstract should be written in English.
- The text of the abstract should not exceed 250 words.
- There should be no tables or figures in the abstract.

### Poster Presentation Guidelines:

The maximum size of poster presentation should not exceed 840 mm wide by 1200 mm high. Each poster board will be assigned a number corresponding to your abstract number in the program. Please use the board that corresponds with your abstract number. The Organizers will supply adhesive tape for affixing your presentation to the poster board.

At least one of the authors must be present during poster session to answer questions.

Please prepare your poster on the day of presentation before the start of the first session and please remove it on the same day at the end of the scientific sessions.

To confirm your place in the programme, all presenters must register for FID 2012 by 15<sup>th</sup> May, 2012.

### Travel grants:

Authors, aged below 40 years, can apply for a travel grant of 500 € (first author of an abstract or poster presenter).

Necessary requirements for the grant approval are

1. abstract acceptance, and
2. active FID-membership.

The membership in the Central European Diabetes Association can be applied for simultaneously with the applying for a travel grant (membership fee per year 10 Euro).

Applications for a travel grant should be submitted in a written form, along with the required documents to the Secretary of the Association, PD Dr. Nanette Schloot ([nanette.schloot@web.de](mailto:nanette.schloot@web.de)), Deutsches Diabetes Zentrum, Auf'm Hennekamp 65, 40225 Düsseldorf, Germany.

Further information on this matter can be seen in the website of the Central European Diabetes Association (FID): [www.fid.at](http://www.fid.at).

### Hotel Arrangements:

Accommodation in Budapest should be booked via the on-line registration form.

Please follow the instructions on the congress website <http://fid2012.shp.hu/Accommodation>.

Available hotel rooms (actual 2011 prices):

	Single room	Double Room	Danube view
<b>Hotel Hilton Budapest</b>	€ 165	€ 185	€ 25 extra fee

# I call for everyone to face the diabetes pandemic

## **novo nordisk** answering the call

Every 10 seconds a person dies from diabetes-related causes. At the current rate, the global diabetes pandemic will have gripped 438 million people worldwide by 2030.

Our 85-year heritage of delivering safe and effective treatment and care for people with diabetes has brought us knowledge on how we can defeat the diabetes pandemic. Through partnerships with people and organisations who share our goal of changing diabetes, we invest in programmes focusing on maternal health, education, screening and other initiatives that answer the call for better global awareness and prevention of type 2 diabetes.
